# LONG-TERM GOAL #3

- ▶ **What else is important to you?** Have a second profession as an alternative option
- ▶ **Why?** Because whether there is not work for me as a police officer, there should be work as a teacher. (ELL English teacher)
- ▶ **How much will it cost?** Adding the cost of my studies as a police officer and as a teacher the cost would be around \$80,000 – \$100,000

# LONG-TERM GOAL #4

- ▶ **What else is important to you?** Something important to me as a future ELL English teacher is to come with a better and faster way to teach those students that just came to the country.
- ▶ **Why?** This is important to me because when I just came here I did not know any English. I was struggling a lot with my learning because teachers were not teaching me the basics and I think that to teach a different language to someone new means starting from zero.
- ▶ **How much will it cost?** The cost of this will not be money, instead it will be effort and experience coming from me.

# LONG-TERM GOAL #5

- ▶ **What else is important to you?** Becoming a police officer and then move forward to a higher position is other goal I must reach in life.
- ▶ **Why?** This is important to me because beside I will be proud of myself, I want my family to be proud too and see how badly I want to succeed in life and give them back everything they have gave me. Also I want to get/earn an important position as a police officer to have right and change those abuses that today is happening in some states that people thinks that it is a cause by racial profile something that should be gone by this new generation.

- ▶ **How long will it take?** Depends on the level of diploma I will get
- ▶ **How much do you plan on spending?** As much as needed

# HOW DO I ACCOMPLISH MY LONG-TERM GOALS?

- ▶ I believe that accomplishing long-term goals means just to work a little bit harder, always trying your harder, and believing in yourself. I believe that setting a goal and out your sight directly into it can help anyone to accomplish is goals no matter how harder it is or how many obstacles could be faced in the way of achieving it.
